

VIII. Issuing Money and Coin Minting

In the Republic of Macedonia, banknotes in denominations of Denar 10, 50, 100, 500, 1000 and 5000 are currently in circulation. In 1999, 12.6 million banknotes in denominations of 10 Denars and 8.9 million banknotes in denominations of 100 Denars were printed.

The banknotes currently in circulation are made of high quality paper and are protected with many security features like intaglio print, optically variable ink, window-thread, watermark, etc.

In 1999, the NBRM continued to issue jubilee coins. On the occasion of the fiftieth anniversary of the "St. Cyril and Metodius" University, a jubilee golden coin was issued. At the same time, preparations are made for issuing the jubilee golden coin "2000 years from the beginning of Christianity".
